# What is **PLATINUM** ?

## ELITE

Platinum Elite is the highest tier of safety certifications awarded by ARGUS International and the best in class in the safety industry. To achieve a Platinum Elite rating, an operator must pass rigorous safety and procedural standards. They are required to have operated as Platinum-rated four years or more and must be able to pass continual inspection programs with a clean bill of health and safety. Flying with a Platinum Elite-rated operator means you can rest assured you're in good hands, wherever your travels take you.
